MISERY DEPOT

ROMERA '07

The old creature *hungers*.

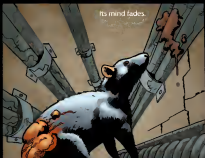

Nothing left
but hunger.

Hunger and open
tumors.

Its mind fades.

...are forgotten.

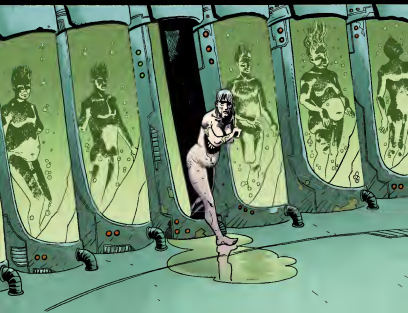

The penis
of the familiar...

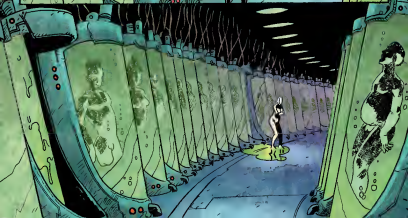

This is how it ends.

This is how it *begins*.

You *must* understand, Mr. Gorgory, this is an *automated* building.

Your role is to report and contain any *anomaly* that the building cannot.

Fuuuuuuck.

life-support
malfunction
Capsule 232-012
opened to allow
natural breathing.

As a human being, however, you yourself constitute a *potential* anomaly to the system.

Hence, it is vital that you *comply* with the rules.

Never carry a gun
with you to add
numbered levels.

Do you *understand*,
Mr. Gorgory?

Yes, Mr. Dvorak.

Who are
you talking
about?

Nazis

What?
That makes
no sense!

I'm a retired doctor,
my daughter is a respected
architect... What would they have
against us? Have you even
seen my daughter?

I saw an opening earlier.
We must escape before
they come again.

Are you
coming or
not?

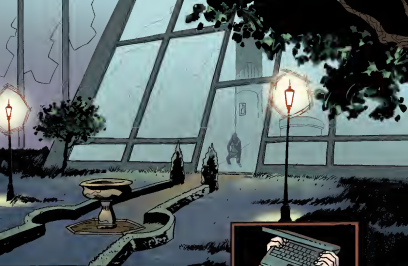

AAAAAAAAAAAAAH

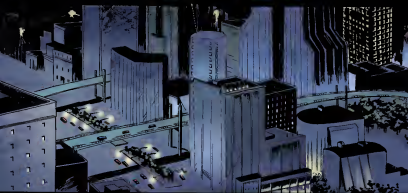

*I have to get
to my daughter.*

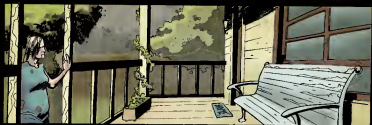

*I don't want
to worry her.*

*She will be
waiting for me.*

My name
is Domod
Dvorak.

We're sorry
you had to deal
with such an
uncomfortable
situation.

Needless to say,
our services will be
free of charge
from now on.

Lost one?

Yeah.

She won't
remember
anything.

I don't
care.

Just take her away.
